AAC/AssistiveTechnology

http://www.aacintervention.com/	Caroline Musselwhite and Julie Maro's site with great tips, handouts, therapy ideas, tip of the month resources for AAC.
http://aac.unl.edu/	Augmentative and Communication Center : Lots of links to vendors, articles and resources
http://aac.unl.edu/vocabulary.html	Core Vocabulary lists for AAC users
http://aac.unl.edu/yaack/index.html	YAACK :Connecting young children with AAC. Great resource.
http://www.aac-rerc.com/	AAC-RERC : Rehabilitation Engineering Research Centers Provides information about recent developments in AAC, check out the resources tab, journal articles and sign up for the online newsletter
http://www.abledata.com/	Database of assistive technology
http://ace-centre.hostinguk.com/ http://ace-centre.hostinguk.com/assets/AT%20Software%20on%20the%20Web%20by%20type 8 408.pdf	Check out the resources and the wonderful database tool (click on the Resources tab and then Communication Aids Review) where you can input the parameters of a communication device you want and it will bring up possible choices. Also check out Switch Access for Windows (SAW) which a communication system that can be preprogrammed with synthesized or digitized messages which link to subsequent pages (Win only)., and a list of free or low cost software on the web.
http://www.apple.com/macosx/features/universalaccess	Apple – This site explains the universal access features built into the Mac OS X operating system
http://assistivetech.sf.k12.sd.us/tech_tools_list.htm	Great Listing of Tech tools with links to descriptions and pictures.
http://www.boston.k12.ma.us/teach/technology/emmanuel.asp	Boston Public Schools : site to assist educators in aligning instructional supports. Lots of good information on how to adapt books.
http://atto.buffalo.edu/	University of Buffalo : AT basics, decision making, tutorials/smart sheets and resources
http://www.becta.org.uk/	Becta – good for research about AT
www.cast.org	Center for Applied Special Technology : good information on universal design
http://www.chipspeaking.com/	Chip Speaking : is a freeware communication program with the

	capacity to hold 99 recorded messages and one emergency call button(Win only).
www.closingthegap.com	Closing the Gap :Database of assistive technology for a fee of \$50/year. Also allows access to articles from the publication. 14 day trial
http://www.connsensebulletin.com/cor80202.html	Resource: Listing of adaptations across the curriculum in literacy, music, leisure, etc.
http://www.esight.org/View.cfm?x=773&ov_id=-1	Directions on Scanning Books
http://www.etriloquist.com/	Etriloquist : PC-based communication aid for a speech impaired person. Users can type messages to be spoken or communicate through saved digitized or synthesized messages. Music files can also be saved(free)
http://www.inference.phy.cam.ac.uk/dasher/	Dasher : Communication program which the user points to text to be “zoomed” to. Experienced users can write up to 29 wpm (Win and Mac beta). Can be operated through a variety of input methods (eyetracker, mouse, joystick...)
http://www.joyzabala.com/	Joy Zabala’s website : information about the SETT assessment framework, links, resources and more.
www.lburkhart.com	Linda Burkhardt’s site : Ideas for creating simple tech, therapy ideas, notes from presentations, lots of links. Great handouts under Special Needs Link.
http://members.aol.com/dd4kids/dynavox.html	Dynavox page exchange
http://www.microsoft.com/enable	Microsoft – How to set up your PC to accommodate users with various disabilities.
http://www.nationaltechcenter.org/resources/at/default.asp	National Center for Technology Innovation: Lots of great resources on AT
http://www.ocali.org/	OCALI: Ohio Center for Autism and Low Incidence, PD, material loan and more.
http://www.onionmountaintech.com/	Judith Sweeney’s site click on the Handouts and Articles download link on the left for great resources. Great information on color, and low tech ideas.
http://paulhami.edublogs.org/	Paul Hamilton’s blog: all free resources on the internet
www.prentrom.com	Prentke Romich’s site: Click on teaching ideas or therapy materials for ideas of how to teach minspeak
http://www.seo-serrc.org/AT.html	SEO SERRC (Nick Wieland’s) list of lots of links.
http://www.setbc.org/	Special Education Technology in British Columbia: Great

	video and audio webcasts on lots of different technology. Even includes one by Caroline Musselwhite on Write to Talk. Click on the Learning Center link then Main Library and W for this presentation, but check out the others as well.
http://www.tsbvi.edu/Education/vmi/tactile_symbols.htm	Standard Tactile symbols to be used for ACD's and information about systems nonverbal visually impaired students
www.vantatenhove.com	Gail Vantatenhove's: Great free materials for teaching or assessing a students ability to use Minspeak
http://www.wati.org/	Wisconsin Assistive Technology Initiative: with great resources, forms, informational papers, etc.
http://www.stazsoftware.com/yspeak/index.php	YSpeak : free program will speak typed input has the ability to display the users typed text inverted at the top of the screen so it can be read by a listener. (Mac only)
http://www.vickiblackwell.com	Vicki Blackwell: Lots of great ideas on how to use technology (MS Word) for various “tricks” to make typing easier.
http://www.webeyes.us/access.htm	Webeyes : like Zoomtext (magnifier for the visually impaired) but only \$25
http://www.wested.org/cs/tidl/print/docs/tidl/home.htm	Using Technology to Support Diverse Learners: with links to research and more!!
http://www.ittsguides.com	Link to article “Technology for Communication and Cognitive Treatment: The Clinician’s Guide” which lists many AT solutions that are available for under \$30.
http://www.cetconnect.org/swoserrc/	WCET : video clips on various AT products.

Apraxia

www.apraxia-kids.org	Apraxia - Kids: Apraxia website with list serve, message board, information and more.
http://www.kidspeech.com/	Kaufman Children's Center For Speech : Click on Signs and Symptoms on the left for nice descriptions and information on Apraxia.
http://www-unix.oit.umass.edu/%7Evelleman/cas.html	Resource for parents about childhood apraxia

Articulation/Phonology

http://members.tripod.com/crokebeck/articcar.htm	Carryover exercises for Articulation.
---	---------------------------------------

http://members.tripod.com/Caroline_Bowen/wordlists.html	Caroline Bowen's Various lists of minimal pairs for phonological and articulation therapy.
www.quia.com/pages/havemorefun.html	Tracy Boyd's site with activities and games for articulation.
http://www.quia.com/pages/speechersclass.html	Tracy Boyd's site for Artic and phonology games
http://sites.gips.org/avrbas/stories/storyReader\$3	Grand Island Public Schools – articulation, language, phonemic awareness, boardmaker books and more

Assessment

http://buros.unl.edu/buros/jsp/search.jsp	Test Locator :Type in the name of a test and this tool will tell you the publisher and a synopsis about the test
www.computerizedprofiling.org	Computerized Profiling is a set of free downloadable programs designed to help you carry out language analysis procedures. Linguistic links as well.
http://www.ilovethatteachingidea.com/ideas/subj_assessment.htm	Lots on information on Assessment
http://www.uwstout.edu/soe/profdev/assess.shtml	Authentic Assessment: Lots of assessment information
http://www.superduperinc.com/agecalc/index.htm	Super Duper: Age calculator to figure out how old a student is based on Date of Birth
http://www.testprepreview.com/gre_practice.htm	Test preparation Review : GRE study guide, flashcards and sample test questions
www.wati.org	Wisconsin Assistive Technology Initiative: lots of forms for assessment and consideration, organization, laws/legal issues around AT, etc...Click on AT Services for information on Assessment.

AT Vendors

http://aac.unl.edu/AACVII1.html	Lots of links to vendors, articles and resources
http://www.ablenetinc.com/	Ablenet: Big Mack's, Step by steps, Italks, Supertalkers, Trac Talks, etc...
www.acctinc.ca	Adaptive Computer Control Technologies: adaptive keyboard which is a 9 x 11 inch tablet and 25 adhesive backed keys. Keys can be moved anywhere on the tablet and programmed for a variety of tasks.
